## CLEAN UP DAY PROCLAMATION

# CLEAN-UP-DAY PROCLAMATION

Following the custom of 2 years the citizens of Earlington, without regard to age, sex, creed or color, are earnestly urged and expected to participate in a general "Clean-up-Day."

## Friday May 8

Has been selected as the date, and the principals of both the public Schools have agreed to give their pupils a half holiday Friday afternoon in order that the children may have an opportunity to assist in the good work of cleaning up.

All Trash, litter and garbage should be deposited in Boxes or Barrels in the alleys, where it is possible to do so, or at the side of the streets at convenient places for loading into wagons. The rubbish is to be moved at the city's expense and it is hoped that our people will take advantage of this opportunity to rid their premises of garbage of every character. It has been suggested that every citizen clean up that part of the alley abutting his property, and I urge that this be done. This is a small matter for the individual citizen, and if carried out, will result in clean and wholesome alleys all over our town.

The Board of Health and City Physician recommend and advise that all privy vaults be boarded up tight to keep out flies and urge the liberal use of lime around vaults, drains and cess pools. They also request that the War on the Fly be kept up vigorously, and assist that the livery stables and merchants of the town provide themselves with an ample supply of fly traps and that every effort be made to exterminate the abominable fly.

As all of our citizens must realize that each of us are the beneficiaries of the general cleaning up of our town, I respectfully and earnestly ask the hearty co-operation of our people in this undertaking on next Friday, May 8th, 1914.

## GO-TO-SUNDAY SCHOOL-SUNDAY

Successful Observance in Hop-  
kins County With Big  
Attendance

### FIGURES FOR THE LEADING SCHOOLS AND IN THE COUNTY

Go-To-Sunday-School-Sunday was a success in Hopkins county. It was last Sunday, and the effort was to put into the Sunday Schools of Kentucky on that day one million people, about double the usual average attendance.

It is a close estimate that there were in the fifty-four active Sunday Schools in Hopkins County some 4500 to 5000 persons on that day. Ten towns with thirty Sunday Schools had 3328 in attendance. They were as follows: in order of attendance numbers: Madisonville, 1292; Earlington, 742; Dawson Springs, 367; Morton Gap, 299; Nebo, 179; Hanson, 131; Nortonville, 113; Helev, 101; St. Charles, 99; White Plains, 95. Attendance by schools in the leading towns follows:

Madisonville: Missionary Baptist, 405; Southern Methodist, 375; Christian, 372; Presbyterian, 98; Cumberland Presbyterian, 42.

Earlington: Southern Methodist, 286; Christian, 245; Catholic, 75; Missionary Baptist, 66; Methodist Episcopal, 45; General Baptist, 25.

Dawson Springs: Christian, 131; Baptist, 102; Methodist, 83; Presbyterian, 51.

Morton Gap: Christian, 144; Baptist, 65.

There are a number of Sunday Schools in the country that had attendance in excess of 100, and where there is active interest generally in the work.

### AN ERROR

As there was a very great mistake in my ad of the last issue of the Bee, owing to a mistake of the compositor, I would like to call attention to the words that were misused. The first should have been stippled floors and walls in place of striping. As there are two many people today dissatisfied with their house owing to painters striping in place of painting. And the second where it should have been friscoing, it said first coating, and every one knows the first coat must be the primer with paint, filler when using varnish with background when graining or sizing made of four different parts for water-coloring or flat coating on plastered walls.

Watch for my figures next week showing you where you generally pay twice the money for painting that you should.

Yours truly:

W. C. HURLEY.

### Looks Good For Kincheloe in Webster.

One day last week, Charles Bennett, a citizen of Sebree, says that he took a secret ballot of the voters in Sebree, just to see what they would do and he reported after the ballot was counted that D. H. Kincheloe had 93 and Judge Henson 34. Of the number voting, about 80 were country people. The young prepared ballot and had a box for the voter to place it in after voting and says that he believes that it is about that way all over that section. This certainly should make Dave feel good and it goes without saying that it makes his friends feel good to hear it.

### W. K. GRIFFIN

#### LOSES CAKE OF SOAP

Claims Luther Lowe Stole It With Malice  
Aforethought

W. K. Griffin, erstwhile chief train delayer, at this place, and now occupying the same position at Paris, Ky., was here Saturday night and Sunday visiting friends. Griffin claims that when he arrived in Earlington he was the proud possessor of a valuable cake of soap and that he deposited the aforesaid soap on the washstand when he retired. On Sunday morning he was lying in bed about half awake contemplating whether or not to go to Sunday school when some one quietly entered his room and removed the soap. He claims that this act was done by Luther Lowe with malice aforethought to prevent his attending Sunday school and asks the people of Earlington draw their own conclusions.
